MAN BREAKS LEG AFTER JUMPING FROM SECOND STORY BALCONY TO AVOID ARREST:

On October 3, 2005 at approximately 9:00 A.M. sheriff's deputies knocked on the door at 2615 Vine Street, Apartment #2 in an attempt to contact a suspect wanted for questioning in connection with a recent burglary. There was no answer at the door; however, activity inside the apartment suggested there was at least one person inside. Receiving no answer at the door, the deputies began walking to their car. As they were doing so, they heard a thud followed by a person groaning outside the apartment building. Deputies then discovered thirty-nine year old Howard Isadore of Lincoln lying on the ground underneath the second story balcony of the apartment they had just left. Isadore informed deputies that he had warrants for his arrest and jumped from the second story balcony to avoid apprehension. Isadore was transported by ambulance to BryanLGH-West Hospital and treated for a fractured right leg.

Isadore was not the individual sought by sheriff's investigators for questioning, but merely an associate who had been staying at the apartment. Isadore will be lodged in jail on two warrants, false statement (misdemeanor) and theft (felony), once he is released from the hospital.
